A Delegation Will Be Sent Out From Chicago to Meet the Nominee's Train and Escort It to Chicago—Only Formal Speeches Will Be Made—It Will Not, However, Be the Formal Opening of the Campaign.

CHICAGO, July 30.—Active preparations are being made for a reception to William J. Bryan, the Democratic candidate for president, on the occasion of his visit to Chicago, August 9-10.

Local silver Democrats will meet Saturday or Sunday to prepare for the reception. A committee of twenty-five, composed of representatives of Democrats and Populists and from the trade and labor assemblies will be named to go out and meet candidate Bryan's train and act as an escort to the city.

Arrangements for the reception had been held in abeyance, pending a reply from the candidate, to whom Robert E. Burke, secretary of the Cook county central committee, sent a letter a few days ago, asking if the proposed reception would be agreeable.

Mr. Bryan's reply came today, thanking Secretary Burke for the invitation, and accepting.

Only informal speeches will be made. There will be a formal opening of the campaign, as Governor Altgeld has advised that it be postponed until after the Cook county convention is held, which will be about August 18.

John Foyle and family, consisting of mother and three children, were all struck by lightning and rendered unconscious for some time. The boy James, 11 years old, will die from the shock.

AND TWO BABIES

Horrible Crime of W. E. Burt of Dallas, Tex.

NO MOTIVE IS APPARENT

BUILT AT ONE TIME A PROMINENT BUSINESS MAN.

Gambling Got the Best of Him, and Last Year He Failed and Was Indicted. For Embezzlement—The Governor of the State and Brothers of the Murderer Offer Rewards For His Arrest.

AUSTIN, Tex., July 30.—The wife and two children, aged 4 and 2 years, of W. E. Burt were found dead this morning in a cistern on the premises occupied by the Burt family up to Saturday last.

Burt's brother, James M. Burt, and his family, who were living with the Burt family, were found dead in the cistern. Burt's brother, James M. Burt, and his family, who were living with the Burt family, were found dead in the cistern.

The house was discovered that his wife and children were not there, and yesterday the matter was put into the hands of a detective, who searched the premises recently occupied by the Burt family.

He found nothing, but the mother of Mrs. Burt insisted that another search be made, and the detective, who was with those of the two children, were found as stated.

The house was crushed, and after death they were thrown into the cistern. The body of Mrs. Burt was carefully wrapped in a sheet, which was tied with a rope, coiled about her body from the neck to the ankles.

Burt evidently committed the terrible crime on Friday night, as that was the last time his victims were seen alive.

Burt was at one time a prominent business man in Dallas, and had been successful in his career, but he had been ruined by gambling, and he had been indicted for embezzlement, but his lawyers succeeded in getting him out of the trouble.

The governor this afternoon offered a reward of \$500 for his arrest, that was the last time his victims were seen alive.

Nothing is known as to Burt's whereabouts, although telegrams have been sent all over the state and to outside cities.

His brothers have also offered a reward of \$100 for his arrest.

No motive for the crime is known.

The congress adopted the report on the agricultural situation, recommending that each country act for itself in organizing an agricultural proletariat.

The report of the political committee caused an animated discussion, but it was finally adopted. The report described the conquest of political power as being of paramount importance and called upon workers of all countries to unite and be independent of all bourgeois political parties and demands adult universal suffrage, one man vote, a secret ballot and national and local referendum.

The men then returned to the mine and set fire to all the top buildings, including the tipple and engine rooms."

The masked men opened fire and shot Hetzer four times, killing him. Hetzer, however, fired one shot and hit one of the robbers in the eye. The robber gives his name as Thomas Carter, a minor just from Cripple Creek, Colo., and says he is in front of his shot and ran in to see what was going on and got shot. The other robber escaped.

LIKE EGG SHELLS.

COLUMBUS, O., July 30.—A destructive cyclone visited Gloucester, a mining town seventy-five miles south of here, at 8 o'clock Wednesday night. Several houses were smashed in pieces and a number of others were wrecked. The houses of the town were like egg shells. The tornado lasted scarcely a minute, but rain fell in torrents for half an hour. Thousands of dollars damage to buildings and growing crops was the result. Another heavy storm visited Gloucester this afternoon, but no damage was done.

Property Loss Will Reach at Least \$200,000—All Railway and Other Traffic Stopped.

STUEBENVILLE, O., July 30.—A severe storm, like a cloud burst occurred west of this city this afternoon about 4 o'clock and within a period of thirty minutes a mighty torrent of water had spread desolation along both Farmer's and Fisher's runs, in the lower part of the city.

No lives were lost, as they saw the water coming down the valley and run from house to house warning the people. Everybody fled, many wading knee deep in water from their houses to the hills which lined both sides. Two hundred persons are homeless as a result of the flood. The damage will aggregate all of \$200,000. The water came down the creek twenty feet high, sweeping before the flood, barns, houses, fences, trees and outbuildings. Nine dwellings and one store were washed away and completely wrecked. Twenty-five other dwellings were wrecked or damaged by the water and muddy sludge that settled on everything. There were numerous landslides, and many bridges were washed away. All railway traffic through here is suspended tonight.

The errors were, first, in the seventh round, when Pillsbury won from Marco and did not draw as previously reported; second, in the eighth round Lasker was reported as trying to win the draw game and losing to Tschigorin, whereas it was Tschigorin who lost."

N. G. U. EXAMINATION.

Adjutant-General Will Soon Issue an Order For One.

To conform to that provision of the new militia law requiring that all officers of the national guard shall undergo an examination, an order is now being prepared in the adjutant general's office which will be issued in a few days directing that all the officers elected since statehood be examined by the board, provision for which is made in the act.

The act directs that within a certain specified time after an officer is elected, he shall be examined before a commission can be issued. In this case, however, the time limit will begin with the issuance of the order to enable the officers to prepare for the examination. The examining board has not yet been appointed, but will be named in a short time by the governor. Officers will be examined for everything below the position they hold, and for one rank above it, as they are liable at any time to be called upon to fill that position in the absence of the next higher officer.

RATE WAR ASSURED.

Passenger Association's Efforts to Avert it, Unavailing.

ROADS TO FIGHT IT OUT

MILWAUKEE DETERMINED AND OTHER LINES MET THIS CUT.

The Fare From Chicago to Salt Lake and Return Will Be \$20—To Denver It Will Be \$25 and One Way Will Be Half the Round Trip.

Chicago, July 30.—The threatened rate war over rates from Chicago to Salt Lake city on account of the fire chiefs meeting in that city August 10, is now assured.

Chairman Caldwell, of the Western Passenger association, made strenuous efforts today to persuade competing lines to ignore the Milwaukee & St. Paul's \$30 round trip Chicago-Salt Lake city rate, but was unsuccessful.

The Alton gave notice that it would meet the rate, and other roads will do the same today.

Of course the St. Paul say they will not withdraw the \$30 rate unless the Union Pacific agrees to cancel its diverse route arrangements.

The Santa Fe and Northwestern railroads are opposed to the low rate and want the executive officers to consider the matter.

The round trip rate from Chicago to Denver will probably be reduced to \$25 and the one way rates will be half of the round trip.

SHERIDAN'S APPOINTMENT.

WASHINGTON, D. C., July 30.—The published statement that the president had appointed John Sheridan of West Virginia government director of the Union Pacific railroad, without consultation with Secretary Smith, the cabinet officer under whose department such appointments fall, is entirely untrue. Sheridan is chairman of the Democratic congressional campaign committee, is sponsor for Sheridan. He saw Secretary Smith some weeks ago and urged the fitness of Sheridan for the office.

The appointment was decided on at this meeting of the senator and the secretary, subject, of course, to the approval of the president.

Trip to the Yellowstone.

A rate of \$50 has been named from Butte to and through the Yellowstone National Park and return, after August 10; a rate of \$25 to apply for children under 10 years of age.

This includes all the expenses enroute, railroad fare from Butte to Cinnabar, and return, double berth coach way to Cinnabar, standard sleepers, stage transportation through the Park, and covers the trip for which a charge of \$68 is made ordinarily.

In addition to this, a round trip rate of \$100 will be named for persons wishing to wheel through the Park—has been made. This latter charge covers all accommodations except the stage trip while in the Park. To take advantage of this rate, parties should leave Salt Lake over the Union Pacific August 5.

Railroad Notes.

Several society parties went out to Garfield last evening.

A party left last evening over the Union Pacific for the Yellowstone Park which was composed of Dr. J. E. Talmage, George Reynolds, J. W. Whitecar, J. Nelson and G. C. Lambert.

Commencing today the Union Pacific will make a change in the Grand Bend time table. The train which has formerly left the city at 5 o'clock will leave at 5:15 to accommodate the clerks and business men whose offices close at 5 o'clock.
